"I got job consulting at the job fair!"

Hello, my name is Lee Shin. I have been in Korea for over ten years. I attended the Seoul Family Center's September 5, 2024 Marriage Immigrant Job Fair. Through this job fair, I was able to receive information on the job field I wanted, and I was very grateful for the systematic help I received in writing my resume, taking photos, and preparing for interviews. Although I unfortunately did not get an interview with some companies, I was able to gain more job information through this marriage immigrant job fair, and once again realized my shortcomings. I will work hard to improve my Korean language skills in the future so that I can prepare for the next recruitment.

It has been quite a while since the September 2024 Marriage Immigrant Job Fair ended. I expressed my gratitude and satisfaction for the meticulous preparations made by the Seoul Family Center staff, and provided various job services on site as well as various souvenirs to each attendee. Although it rained that day, I think everyone's spirits were bright. I am very satisfied that the Seoul Family Center does not simply provide information, but also holds such a large job fair event to provide practical help tailored to individual employment. Thank you!

- ① Let's stick to the basics!
 - Clean and Clear Design: Use a designated format or ensure uniform font size (10–12pt) and spacing.
 - Beware of Typos: Spelling and grammar errors can lead to point deductions. Make sure to review your work after writing.
- ② Keep it concise!
 - Be Concise with Experiences: Avoid overly long sentences and focus on numbers and results. Example: “Increased sales performance by 20%”
 - Tailored Writing: Highlight your skills and experiences relevant to the company and position you're applying for.
- ③ Keep your photo, contact information, and personal details updated!
 - Include a recent ID photo and accurate contact information.
 - For resume photo, ensure a neat appearance and a bright, friendly expression.

■ Interview Tips: A Genuine Opportunity to Showcase Yourself

- ① Thorough Preparation for the Interview
 - Research the company and role: Familiarize yourself with the company's vision and the specifics of the job.
 - Practice common questions: Practice yourself for questions such as self-introduction, reasons for applying, strengths and weaknesses, and job-related experiences.
- ② Attitude is Half the Battle!
 - Posture: Sit up straight, maintain a smile, and make natural eye contact with the interviewer.
 - Voice: Speak confidently with a clear and positive tone.
- ③ Key Points for Responses
 - Use the STAR method: Structure your answers around Situation, Task, Action, and Result.
 - Honesty and willingness to grow: Even if you don't know something or lack experience, demonstrate your eagerness to learn and improve.
- ④ The Final Question is Your Opportunity
 - Prepare positive questions, such as “Why do you want to work for our company?”

■ Checklist to Avoid Mistakes

- ① Before Writing Your Resume:
 - Have you tailored your resume to the company?
 - Are there no typos or errors?
- ② Before Preparing for the Interview:
 - Have you prepared formal attire and neat clothing?
